Thornton Insurance, 4/5 Castle Court, London EC3V 9DL: 01-6261387/8

On this first occasion that the Exchanges of the City of London have amalgamated to form a rugby side, we are delighted to be able to welcome the Spanish National XV, who from their past record in European rugby, will no doubt present a very real and interesting challenge.

The Spanish are currently one of the emerging nations on the European rugby circuit, having only last year in the FIRA Championships won the B1 Group of Nations ahead of Belgium, Portugal, Holland and Denmark and this year they join France, Rumania, Italy and the Soviet Union in the top division of the FIRA Championships, in which we wish them well.

In May of this year, Spain entertained the England under 23 XV with Spain narrowly losing the International by 16 points to 9. At the end of this season, Spain will again be touring this country with a tour to Wales when they will play Wales B at Swansea.

The Committee would like to extend the warmest welcome to the Spanish players and their committee and we hope a pleasant day is enjoyed by all and that their tour in general will be a great success.

THE SUM MAKES SENSE

BE SURE TO SEND FOR THE FACTS

SUM as in Scottish Unit Managers, of course. The new name in unit trusts.

But **not** just another name. You only have to look at the facts to see that.

Formed by the established and respected Martin Currie and British Linen Bank (a wholly owned subsidiary of the Bank of Scotland) in August 1983, Scottish Unit Managers already have the pedigree of a top performing unit trust group.

Top fund managers. A wide unit holder base. Exceptional financial backing. And an impressive rate of growth.

At present, Scottish Unit Managers offers three capital growth funds, these being the

- Scottish World Growth Fund
- Scottish North American Fund and
- Scottish Pacific Fund

while, for those looking for a steady but increasing income, there's a fourth fund, the Scottish Income Fund.

In a world of rapidly multiplying unit trusts, it's an unpretentious, no-nonsense range of thoroughbred funds, covering a wide range of International Investment possibilities.

Precisely what you would expect from a company whose investment advisers, Martin Currie and British Linen Fund Managers, manage funds of over £900 million.

For the full story of Scottish Unit Managers, together with information on all four funds (and supporting client literature), you need only clip the coupon below and send it to: Anthony Johnston, Scottish Unit Managers Limited, 29 Charlotte Square, Edinburgh EH2 4HA, or telephone 031-225 3811/

031-226 4372. In return, we'll send you our full (but concise) professional pack. You can then decide for yourself whether the facts add up to your expectations.
