The Spanish Rugby Team can be sure of a warm welcome at Murrayfield.

Although, it's almost certain they'll be playing in a colder climate than they're used to (apart from the temperature in the scrum, that is).

In fact Rugby, like other sports in Scotland, has often had to compete with an added opponent — the weather.

Electric underfloor heating can beat off even its fiercest attack. And make sure you enjoy the game at its best.

Electricity and Murrayfield. A perfect team since 1960.

President's Message

Today brings a new dimension to Rugby in Scotland when for the first time the Scottish Rugby Union welcomes Spain to what I am sure they will find is one of the great rugby grounds in the world—Murrayfield. If one cannot play good rugby here, one never will!

The Spanish side comes here an unknown quality to us, but with Spain having beaten England, admittedly in a seven-a-side tournament, we Scots cannot rest on our laurels, after all the great games this season and now with the World Cup only five weeks off. A sparkling performance by both sides would make the Rugby public very happy.

This game and the one preceding it, the Youth Leagues Final, again a first-ever on a Sunday, should add to the touch of Easter festivities, and once again our thanks go to The Royal Bank of Scotland for their sponsorship of both games.

Enjoy yourself watching what should be a great afternoon of Rugby.

DOUG SMITH

SCOTLAND LOOK FORWARD TO THE WORLD CUP

By Ian McLaughlin

Few people can recall accurately the happenings in games at which they have been spectators. Indeed players very often do not remember the scores in games in which they have played a significant part.

With that thought in mind it is therefore inevitable that this last season will be remembered for the disappointment of Twickenham more than anything that had gone before. Such is the nature of the Scots that they prefer glorious failure rather than limited success. It is not too many years ago that two home wins would have been considered a roaring success if not nigh to a miracle.

For me the most important features of the season have been the spirit within the team and the amount of hard physical work they have done throughout the year. There are no superstars nor prima donnas, just players, who roll up their sleeves and give it their best shot.

With the England game postponed the opening match was against Ireland. It turned out to be an Irish week in Scotland since our Soccer side were beaten for the first time by

the Republic of Ireland at Hampden on the Wednesday prior to the Rugby International and many of the fans took the opportunity to follow both codes. Their good nature prevailed throughout their stay even though they were well beaten at Murrayfield.

In Paris, Scotland were hopelessly out-gunned up front but staged the kind of revival that, had it been successful, would have demanded that Colin Deans at least walk across the English Channel as an encore.

Wales travelled to Murrayfield in hope but left with their tails tucked firmly between their legs having been given the thrashing of a lifetime. "It could have been fifty" was a comment often heard in Edinburgh that evening. Unfortunately some of the visiting supporters took unkindly to defeat and exhibited traits of behaviour not normally associated with Rugby. It would be a great sadness if the biannual pilgrimage so welcomed by the locals was to be soured by a few louts.

The victories over Ireland and Wales coupled with three totally inept displays by England set Scotland up as firm favourites for

the Triple Crown. The favourites hat is one which Scotland do not wear well. It was sitting that bit less easy as the visitors had lost both their first choice centres and found a new pair not to everyone's liking.

History will recall it as another England win but in reality Scotland gave it away.

The wet conditions only helped to further dampen the spirits of all Scotland and make the journey home that much longer. The pre-match jauntiness and humour had been replaced with downcast eyes and a leaden step. Once again the Tartan Army was on the retreat.

Fortunately however that retreat has been shortened by the advent of the World Cup which takes place in New Zealand and Australia this summer.

This totally new concept in rugby has had little publicity due to the fact that the organisers have played their cards very close to their chests. Even the Home Unions know little about the event except the sequence of fixtures. This is a great pity since I for one believe that cup rugby could be the ultimate contest in World rugby and one which will greatly swell the number of countries playing the game.

Scotland could do very well in this inaugural tournament since they are very much a "cup-tie" side. They have the ability to lift their game in a one-off situation which is the essence of the competition.

Scotland open their campaign in New Zealand against France which will be their

most difficult fixture but even so I believe that a win is a strong possibility given the fact that the Scots will have strong local support and that the French do not travel well.

The other teams in the section, Romania and Zimbabwe, should present no problems to either France or Scotland and it is therefore almost sure that both will contest the final stages. To be top of the group is of paramount importance however since the second side must face New Zealand who must be odds-on favourites to lift the trophy.

The spreading of the word and spirit of rugby football through World Cup or F.I.R.A. or International Tours should be the ultimate aim of every country. To-day we welcome Spain to Murrayfield. Their presence is further evidence of the spread of rugby throughout the world, and who will forget their defeat of England in the Australian Sevens last season.

Scotland's national squad and the Co-optimists have both visited Spain in recent years to take part in tour games and Sevens competitions respectively and one hopes that this is the start of regular fixtures between the two countries at senior and any number of junior levels.

By the time that the next World Cup is played it is to be hoped that our visitors along with a host of other countries are members of the International Board and that rugby can truly claim to be a global sport enjoyed in all countries throughout the world.

SCOTLAND THE BRAVE

SCOTLAND THE BRAVE

Hark, when the night is falling, hear, hear the pipes are calling,
Loudly and proudly calling, down through the glen;
There where the hills are sleeping, now feel the blood a-leaping,
High as the spirits of the old Highland men.

Towering in gallant fame, Scotland my mountain hame,
High may your proud Standards gloriously wave,
Land of my high endeavour, Land of the shining river,
Land of my heart for ever, Scotland the Brave.

SCOTTISH RUGBY UNION THE ROYAL BANK YOUTH LEAGUES SEASON 1986/87

SPONSORS MESSAGE

It is certainly the first time that The Royal Bank of Scotland have experienced two separate sponsorships being played consecutively at the same venue. This happy fate befalls us today. We first have the final of The Royal Bank Youth Trophy, followed by The Royal Bank International of Scotland XV versus Spain.

Our involvement in Youth Rugby goes back to season 1980/81 when the District Youth Leagues were established. For many years the Rugby world had felt that with some boys leaving school at 16 and being too young and inexperienced for senior XVs many potential national representatives were being lost to the game.

The Royal Bank of Scotland sponsorship of all Scotland's home international fixtures dates from season 1982/83 and over that time has been rewarded with a Grand Slam and a shared Five Nations Championship. In common with the whole nation we wish the Scotland team all success in the forthcoming inaugural World Cup 'Down Under' next month.

The Royal Bank of Scotland are grateful to the Scottish Rugby Union for all their assistance and to the generous giving of free time by Club Officials throughout the Country.

K. D. McKenzie, captain of Stirling County, receives The Royal Bank Trophy from T. Pearson, Convener of Coaching and Youth Development, S.R.U. and W. R. McKim, Managing Director, Royal Bank Group Services Limited, following last season's exciting final.

SCOTLAND'S WORLD CUP SQUAD

C. T. Deans (Hawick) Captain

Hooker. Born 3.5.55 in Hawick. 5' 10". 13st 4lbs. 48 caps. Colin Thomas Deans is now the most capped hooker in the history of the game. He has captained Scotland in nine major internationals and led them to a share in the International Championship with France last season. He had the distinction of captaining the British Lions against the Overseas XV at Cardiff in April and has skipped Hawick to the Division One championship in 1985 and 1986 as well as having led the South to their 9-6 win over the Wallabies in 1984. He was head boy at Trinity Primary School before going to Hawick High School then playing for Hawick Wanderers and Hawick Trades. He became Hawick's hooker in 1973 as his father, Peter, had been in the immediate post-war seasons. He has played 64 games for the South, captained them 13 times and scored 11 tries. He has toured with Scotland in the Far East 1977, France 80, New Zealand 81, Australia 82 and has scored two international tries for them against New Zealand in Dunedin 81 and Romania in Bucharest 86. He also has toured New Zealand with the British Lions in 1983.

International Record: 1978 F,W,E,NZ 1979 W,E,I,F,NZ 1980 IF 1981 F,W,I,E,NZ(2),R,A 1982 E,I,F,W,A(2) 1983 I,F,W,E,NZ 1984 W,E,I,F,A 1985 I,F,W,E 1986 F,W,E,I,R 1987 I,F,W,E.

A. G. Hastings (Watsonians)

Fullback. Born 3.1.62 in Edinburgh. 6' 2". 15st. 9 caps. Andrew Gavin Hastings had a memorable introduction to International Championship Rugby a year ago when he scored all Scotland's points with six penalty goals in the 18-17 win over France at Murrayfield and beat that record with 21 points in each of the matches against England and Romania. He set a new record for a Scot in the Championship of 52 points. In this season's Championship he scored 34 points and now has 107 points from nine major internationals. He is the second of four brothers, all of whom played for George Watson's College first fifteen and three of whom played for Scottish Schools. Gavin captained the Scottish Schools side who beat England 13-11 at Nuneaton in 1980. He represented Edinburgh and Scotland at Under-21 level and has played 10 times for Edinburgh's senior district side scoring 87 points, and three times for the Anglo-Scots, scoring 23 points. In Edinburgh's Grand Slam district title this season he contributed 51 of their 96 points. He made five appearances for Scotland "B", was a Cambridge University blue in 1984 and in 1985 when he was captain and he captained Watsonians this season to the top four in Division One. He has toured with Scotland in North America in 1985, scoring 32 points, including four tries, in four of the five games and he was the British Lions fullback against the Rest of the World in Cardiff in April 1986.

International Record: 1986 F,W,E,I,R 1985 I,F,W,E.

M. D. F. Duncan (West of Scotland)

Wing. Born 29.8.59 in Glasgow. 5' 10". 14st. 8 caps. Matthew Dominic Fletcher Duncan gained his first cap in the 18-17 win over France in 1986, then scored a try in each of the next two internationals against Wales and England. He missed the Irish match through injury but returned for the 33-18 win over Romania in Bucharest in March. He was captain of the Douglas Academy (Mingavie) first fifteen in 1975 and whilst a student at Alsager College in Cheshire he played for the English Midlands Colleges XV. He set a Scottish Schools hurdles record and has been in the Glasgow swimming team. He made his debut for West of Scotland against Jed-forest as an 19-year-old in 1978 and celebrated with three tries. When chosen for Scotland "B" for the first time for the game with France seven years ago, he had the disappointment of seeing the game cancelled but he gained his "B" international rating against France "B" at Murrayfield in January 1985 and also against the Italians at Old Anniesland in December 1985. Scotland won both games. He toured Spain and France with the Scottish party in May 1986 and scored two tries in the international against Spain.

International Record: 1986 F,W,E,R 1987 I,F,W,E.

D. S. Wyllie (Stewart's Melville F.P.)

Centre. Born 20.5.63 in Edinburgh. 6'. 12st 4lbs. 5 caps. Douglas Stewart Wyllie was one of four new caps in the match against the 1984 Wallabies at Murrayfield and, having replaced the injured Keith Murray after 40 minutes of the Welsh match in 1985, he was then chosen at centre for the 1985 England game at Twickenham since when he has understudied John Rutherford. After being injured when stand-off against Japan in September 1986, he played centre against Ireland and France this season but was injured in Paris and subsequently missed the Wales and England games. He was educated at Stewart's Melville College, played for Edinburgh Schools and was chosen for the Edinburgh Under-21 side. He scored a debut try in his first senior district match for Edinburgh against North-Midlands in 1982 and has been Edinburgh's stand-off ever since including the game against the 1983 All Blacks. He played in three "B" internationals scoring a try in the win over Ireland "B" in 1983 and a drop goal in the win over France "B" in 1984. He was at stand-off in Stewart's Melville F.P.'s historic win at Middlesex sevens in 1982. He has toured with Scotland in Romania 1984, North America 1985 and Spain/France in 1986.

International Record: 1984 A 1985 W(R),E 1987 I,F.

S. Hastings (Watsonians)

Centre. Born 4.12.64 in Edinburgh. 6' 1". 13st 4lbs. 8 caps. Scott Hastings had a memorable first season as a capped player with appearances in all five Internationals last season and tries against England and Romania. He had played in eight major internationals in a row before missing the recent England game through cheekbone damage. One of the most versatile players in the Scottish game he has represented club and district as wing and full-back and has been at centre in trial and internationals. He is one of four brothers, all of whom have played for the Watson's College first fifteen and three of whom have played for Scottish Schools. When his older brother, Gavin, was unavailable for the Scotland "B" match against Italy in December 85 Scott stepped into his place at full-back. It was Gavin who gave him the pass from which, against France in February, Scott scored his third major international try. He has been captain of his school 1st XV, of Edinburgh Schools Under-15 and Under-18 teams and of the Scottish Schools for whom he played against Australia, Ireland and England, leading them in the last two. Whilst a student at Newcastle Polytechnic he played for Newcastle Northern and led the Northumberland Under-21 side and played for the full county team and for the Anglo-Scots. He first played for Edinburgh's senior side against North-Midlands in November 1985 but was injured in their game against Kent in September and so missed part of the early season but returned to play a significant role in their win over the South that clinched their 'Grand Slam' title.

International Record: 1986 F,W,E,I,R 1987 I,F,W,E.

SCOTLAND'S WORLD CUP SQUAD

I. Tukalo (Selkirk)

Wing. Born 5.3.61 in Edinburgh. 5' 9". 12st 9lbs. 5 caps. Iwan Tukalo, known to his friends as "Ivan", scored six tries against Japan in September, two for the South, four for Scotland. He scored his first major international try in the 16-12 win over Ireland on February 21. He gained his first cap against Ireland in 1985 but injury precluded him from the three other championship games. As one of the most elusive runners in the Scottish game he has the distinction of having scored a try in each of four debut representative appearances—Edinburgh v Porthpigan in 1981, Scotland "B" v France "B" 82, South v Northumberland 83 and for Whites in their 21-3 trial win in 84. While at Royal High School in Edinburgh he played for Scottish Schools against France, Wales and Ireland in 1978-79 as a scrumhalf and captained them against France. He studied civil engineering at Edinburgh University, played for Royal High School F.P. and for Scotland Under-21 before joining Selkirk in 1983. He has represented two districts—Edinburgh (8 games, 3 tries) and South (25 games, 18 tries). In his five Scotland "B" appearances he scored six tries. He has toured with Scotland in Romania 87, North America 85 and Spain and France 86.
International Record: 1985 I 1987 I,F,W,E.

J. Y. Rutherford (Selkirk)

Stand-off. Born 14.10.55 in Selkirk. 6' 1". 12st 3lbs. 41 caps. John Young Rutherford is now the second most capped stand-off in the history of the game behind the legendary Irishman Jackie (48 caps). Whilst a pupil at Selkirk High School he played for the Scottish Schools in 1972, played first for the South of Scotland in 1976 and has represented his district on 41 occasions. He was capped first against Wales in 1979 after five appearances for Scottish Select or "B" sides. In season 1981-82 he scored in all five internationals in which he played and he has an aggregate of 64 points for Scotland in major internationals from seven tries and a record twelve drop goals. He has toured with Scotland in the Far East 77, France 80, New Zealand 81, Australia 82 and Romania 84 and he was in New Zealand with the 1983 British Lions, playing in the Third Test as a centre when he scored a try. He has partnered Roy Laidlaw in a major international 34 times, a world record. This season he had two drop goals in the 16-12 win over Ireland and one in the 21-15 defeat of Wales.

R. J. Laidlaw (Jed-forest)

Scrum-half. Born 5.10.53 in Jedburgh. 5' 7". 11st 7lbs. 40 caps. Roy James Laidlaw recently set a new mark for a South player with his 68th appearance in his district's jersey. He played in 31 internationals in a row from his first appearance against Ireland in 1980 until he was injured in the French match of 1985 and missed the games against Wales and England. A former pupil of Jedburgh Grammar School he was the eighth player to be capped from the Jed-forest club. He has captained his club, the South and Scotland whom he led against Fiji in 1982 and in five major internationals. He scored two brilliant tries against Ireland in the Dublin match that clinched the Triple Crown for Scotland in 1984 and he has scored six tries for Scotland (the others against Ireland in 1983, 1986 and 1987 and England 1983) as well as 18 tries in his 68 games for the South. He has partnered John Rutherford in 34 major internationals—a world record. He captained the British Lions in two provincial matches of their 1983 tour of New Zealand in which he played in 13 of the 18 games including all four Tests. He has toured 5 times with Scotland and is now the second most capped scrum-half in the history of the game behind Gareth Edwards (53).

D. M. B. Sole (Bath)

Prop. Born 8.5.62 in Aylesbury. 5' 11". 16st 2lbs. 6 caps. David Michael Barclay Sole gained his first cap in the victory over France at Murrayfield in January 1986, played against Wales in the next international, then suffered a lengthy spell of injury that precluded him from the remaining three internationals. He made five appearances for Scotland "B" and has played for the Scottish Schools, the Universities Athletic Union, Devon, Somerset and the Anglo-Scots. He was educated at Blairmore School, Aberdeenshire, Glenalmond and Exeter University where he graduated BA(Hons) in economics and agricultural economics and for three months he played for Toronto Scottish whilst teaching in Canada. He was captain of cricket at Glenalmond and is a member of the powerful Bath Club, having first played for the club against Bristol in October 1984. He has toured in the United States (twice), Canada and Portugal but injury prevented him from taking part in Scotland's tour to France and Spain in May 1986 so he has yet to go on tour with Scotland. He is now an established member of a much respected Scotland front row. His father was captain of the Cambridge University hockey team in the immediate post-war years.

SCOTLAND'S WORLD CUP SQUAD

I. G. Milne (Heriot's F.P.)

Prop. Born 17.6.56 in Edinburgh. 6' 17st. 37 caps. Iain Gordon Milne is now back home playing for Heriot's F.P. after his spell in the South during which he represented Harlequins, Middlesex and the Anglo-Scots. He was a key figure in Edinburgh's Grand Slam District Championship success this season. He and his two brothers, David and Kenneth, who are "B" international players, form the entire Heriot's F.P. front row. Only 22 years old when first called into the national squad in 1978, he was capped first against Ireland in 1979. Educated at George Heriot's School and the Heriot-Watt University, he was in the Edinburgh Schools side for two seasons before captaining Edinburgh Under-23. He first played for Heriot's F.P. in 1974 and played the first of his 37 games for Edinburgh in 1975. He went on the British Lions tour to New Zealand in 1983 and has toured with Scotland in New Zealand 81, Australia 82 and North America 85, his brother, Kenneth, also being a member of the North American tour party. Iain also played for the Five Nations XV against the Overseas XV in the I.B. centenary match in April 1986. For the game against Wales this season, his brother, Kenneth, was on the bench.

A. J. Tomes (Hawick)

Lock. Born 6.11.51 in Hawick. 6' 5". 17st. 44 caps. Alan James Tomes is now Scotland's most capped lock with 44 having played this season against Ireland and France and having replaced John Beattie during the England game on April 4. He was Scotland's Grand Slam lock in 1984 having gained his first cap in the 22-12 win over England at Murrayfield in 1976. He was educated at Hawick High School and Heatfield G.S. Gateshead, played his early senior Rugby with Gateshead Fell and Durham County, before, in 1973, crossing the Carter Bar twice a week to play for Hawick where his father, Charlie, had been a devoted junior club official. He has been on Scottish tours of New Zealand in 1975 and 1981, Far East 1977, Australia 1982 and Romania 1984. He also toured South Africa with the Barbarians in 1976 and with the British Lions 1980. He captained Scotland against Queensland County in 1982. He has played 62 times for the South of Scotland and has scored three tries in major internationals—against Wales in 1978 and 1980 and England in 1980.

I. A. M. Paxton (Selkirk)

Lock. Born 29.12.57 in Durfermillie. 6' 4". 15st 7lbs. 29 caps. Iain Angus McLeod Paxton was Scotland's Grand Slam number 8 in 1984 and has played 20 games in that berth and 9 at lock. Recently against England he was switched to number 8 when John Beattie was injured. He was educated at Beath High School and played basketball for Scottish Schools before joining Glenrothes Rugby Club and helping them to climb seventh to fourth division of the National Leagues. He joined Selkirk in 1980, having played 11 times for the North-Midlands and he has now played 29 times for the South and scored 10 tries. He gained his first cap on the tour of New Zealand in 1981 and all three of his international tries have been against Wales—one at Cardiff in 1984 and two at Murrayfield in 1985. One of ten players to be capped out of the Selkirk Club he went on the British Lions' Tour of New Zealand in 1983, played in nine of the 18 games including all four Tests and he was top forward try-scorer with John Beattie with four each. He played for the Five Nations XV against the Overseas XV in the I.B. Centenary Game in April. He has toured with Scotland in New Zealand 81, Australia 82, North America 85 and Spain/France 86.

J. Jeffrey (Kelso)

Flanker. Born 25.3.59 in Kelso. 6' 4". 14st 6lbs. 12 caps. John Jeffrey, a farmer who gave a memorable performance against Wales last season, is the fifth loose forward to be capped out of the Kelso Club following Jimmy Graham, Ken Smith, Charlie Stewart and Eric Paxton, having been introduced to the national side against Australia at Murrayfield on 8 December 1984, played in the next match against Ireland, missed the games against France and Wales before being reinstated against England. He played in all five internationals last season and scored tries against Wales and Romania. He also scored a vital try against Wales on March 21 at Murrayfield. He was educated at St Mary's, Melrose, Merchiston Castle School in Edinburgh and at Newcastle University when he played for the British Universities. He plays number 8 for his club for whom he has been a regular try-scorer. He played three times for Scotland "B" in 1983 and 1984 against France (2) and Ireland. He made his debut for the South against the touring Wellington side from New Zealand in December 1982 and he has played 24 games for the district and scored 10 tries. He has toured with Scotland in Romania 84, North America 85 and Spain/France 86. When the International Board celebrated their Centenary in April, he played in both games—Lions v Rest and Five Nations v Overseas.

SCOTLAND'S WORLD CUP SQUAD

G. H. Oliver (Hawick)

Scrum-half. Born 12.9.64 in Hawick. 5' 9". 12st 6lbs. Uncapped. Greig Hunter Oliver was educated at Wilton Primary School and Hawick High School before studying at Napier College in Edinburgh for his work as a compositor. Whilst at school he played for the South Schools Under-15 side and when with the junior club, Hawick Linden, for whom his father, Larry, also played, he represented the South Under-21 and the South juniors and has since played for the South senior side (five times) and Scotland Under-21, whom he captained to six handsome wins in 1985 and 1986. He first played for Hawick against Royal High in 1982 and over the past three seasons has scored some 45 tries for them. He has made a meteoric advance this season following very good performances for Scotland "B" against Italy and France. He played in the Scottish trial and has been on the Scottish bench for all four championship matches this season. He should become the first scrum-half from the Hawick club ever to be capped and has worked hard towards that end with special sprint work at Border games during summer months. He toured France with the Saltires in 1985.

A. K. Brewster (Stewart's Melville F.P.)

Prop. Born 3.5.54 in Bangour. 6' 1st 2lbs. 6 caps. Alexander Kinloch Brewster is in that select band of players who have played international Rugby as flanker and prop. He was capped three times as flanker in 1977 and 1980 and three times as prop in 1986. He switched to loose head prop in his club side in 1981 but it was two seasons later, in December 1983, before he returned to the Edinburgh district side. Since first appearing for Edinburgh in 1975 he has represented them on 48 occasions, 26 times as flanker, 22 as prop. He has captained Edinburgh 12 times and led them to the district championship title this season. He was educated at Melville College in Edinburgh and played seven times for Edinburgh Under-23. He led Stewart's Melville F.P. to the Middlesex sevens trophy in 1982 and he and his twin brother, David, were the club's 1st XV props for several seasons.

International Record: 1977 E 1980 I, F 1986 E, I, R.

D. J. Turnbull (Hawick)

Lock/Breakaway. Born 2.10.61 in Hawick. 6' 4". 15st 5lbs. Uncapped. Derek James Turnbull is another of those highly versatile forwards who has played club and representative Rugby in all of the back five positions. He was educated at Hawick High School and played for the School side before graduating through Hawick PSA and his father's old junior club, Hawick Trades, to his debut for the Hawick "Greens" as a 17-year-old against Alnwick in December 1978. At Under-21 level, he played for Scotland seven times and for the South 11 times and he was only 18 when he made his South of Scotland senior debut on the tour of Ireland in 1980. He has played for the South 13 times, four as number 8, four as flanker and five as lock. For Scotland "B" he has played six times, two as lock and four as flanker. A former farm worker he is now a police officer and has completed the London Marathon.

N. A. Rowan (Boroughmuir)

Prop. Born 17.9.51 in Edinburgh. 5' 11". 15st 8lbs. 8 caps. Norman Arthur Rowan became the Boroughmuir Club's fifth internationalist when he was first capped against Wales in 1980 after three appearances for Scotland "B". He had first come to prominence for Scottish Select sides against the Royal Navy in 1977 and the Army and the Netherlands in 1978. He was a flanker when at Forrester High School but as a Boroughmuir tight head prop he would have won many more caps but for being contemporary with Iain Milne. He has toured with Scotland in France 1980, New Zealand 1981, Australia 1982, Romania 1984, North America 1985 and Spain/France 1986. This season he has been on the bench after playing against Japan in September. He has captained his club, Boroughmuir, and he was in the Rest Side who won the 1986 trial game by 41-10.

SCOTLAND'S WORLD CUP SQUAD

J. F. Richardson (Edinburgh Academicals)

Lock. Born 7.9.63 in Crawley. 6' 5". 15st 8lbs. Uncapped. Jeremy Francis Richardson, a Glasgow stockbroker, is something of a surprise choice for Scotland's World Cup party but has had a very successful season that included membership of the Edinburgh side who won the district championship title. He was educated at Edinburgh Academy and Heriot-Watt University and whilst at the Academy, he played for the Scottish Schools four times, having followed his brother, Charles, into the side. He also toured Zimbabwe with the Scottish Schools in 1981. He is a Scottish Under-19 cricket trialist and he was captain at Rugby of the Edinburgh Under-21 team. He first played for Edinburgh Academicals first XV against Preston Lodge in November 1982, played three times for Scotland Under-21 in 1985, all three matches won, and he played for Scotland "B" against France "B" at St Andrews in February 1987. He first represented Edinburgh's senior side against North-Midlands in November 1984 and this season he played in seven of the eight Edinburgh matches from which they had a clean sweep of wins. On two occasions he and his brother, Charles, have played in the same Edinburgh side.

D. B. White (Gala)

Lock. Born 30.1.58 in Dunbar. 6' 4". 15st 10lbs. 6 caps. Derek Bolton White played as lock against Wales and England this season, his previous four appearances being as a flanker and deputy no. 8. He was educated at Dunbar G.S. and whilst there he played for the South of Scotland at schools level. He had two seasons with Dunbar and two with Haddington before joining Gala in 1980. He is the current Gala captain. His versatility was invaluable to Gala's Division One championship successes in 1981 and 1983 and he played for a Scotland Select in 1981 as a lock and for Scotland "B" in 1982 as a flanker against France "B". He played for Edinburgh in 1979 when with Haddington and has now played 13 games for the South, three as lock, seven as flanker and two as no. 8, including those against Fiji 1982 and New Zealand 1983. He played for Scotland against Fiji in 1982 before suffering a viral infection. He was capped first against France at Murrayfield in 1982, scored a vital scrummage try against Wales at Cardiff in 1982 in the next game and played also in the two Tests of Scotland's tour to Australia in 1982. He also toured with Scotland in New Zealand 1981 but suffered knee ligament damage and could not be considered for the Tests. On Scotland's tour of Spain and France in May 1986 he played two games as lock and two as flanker.

International Record: 1982 F,W,A(2) 1987 W,E.

J. R. E. Campbell-Lamberton (London Scottish)

Lock. Born 21.2.59 in Gibraltar. 6' 5½". 16st 8lbs. 1 cap. Jeremy Robert Edward Campbell-Lamberton gained his first cap against France at Murrayfield in 1986 after playing for Scotland "B" against France "B" in January 1985 and Italy "B" in December 1985. Both matches were won and he scored the only try against the Italians. His father, Mike, played 23 times for Scotland and captained his country in 1965 and the British Lions on their tour of Australia and New Zealand in 1966. Jeremy followed his father into a military career before becoming a banker. He was educated at Downside, Durham University and the Royal Military Academy, Sandhurst, and he served in the Scots Guards. During schooling at Downside he played for the London Scottish Schoolboys against Richmond Schoolboys and he was in the Durham University 1st XV and their athletics team. He has played for the UAU, the Army and Combined Services and for the Anglo-Scots he has played 24 times, 16 as lock and eight as no. 8. He captained the Anglos throughout the 1986-87 district championship series. He was on Scotland's bench for this season's match against Wales. He was a late entry into Scotland's World Cup squad following the withdrawal of the injured John Beattie.

International Record: 1986 F.

F. Calder (Stewart's Melville F.P.)

Flanker. Born 20.8.57 in Haddington. 6' 2". 15st 6lbs. 9 caps. Finlay Calder followed his twin brother, Jim, into the Scottish flank position after scoring a try in the Reds' 41-10 trial victory last season. He is one of four brothers, all of whom played for Scottish Schools and since have played in the Stewart's Melville F.P. first fifteen. Finlay and Jim had the distinction of being the only twins to have toured with Scotland overseas. That was to Australia in 1982 and they were joined by their older brother, John, who flew out as a replacement. When Jim couldn't go on the tour to Romania in 1984 Finlay took his place. Whilst a pupil at Melville College, Finlay played for Scottish Schools against France, Wales and England in 1974. Jim played in the same three matches. Finlay played five seasons for Meirose whilst working in the border district. He also has played 26 times for Edinburgh, including their 1983 match against the All Blacks. He played in Scotland "B" wins over Ireland "B" in December 1983 and France "B" in February 1984. During the tour to Australia in 1982 he played in five of the nine matches and scored three tries. He also toured in Romania in 1984.

SCOTLAND'S WORLD CUP SQUAD

K. W. Robertson (Melrose)

Centre. Born 5.12.54 in Hawick. 5' 11". 11st 7lbs. 36 caps. Keith William Robertson replaced the injured Douglas Wylie during the game against France in Paris this season and held his place to become the fifth most capped Scottish back in the history of the game. He is his club's most capped player, having become their fifteenth international when first capped against New Zealand in 1978. Since then he has played 21 internationals as a wing and 15 as centre. He was born in Hawick, educated in Kelso, has worked in Galashiels and plays for Melrose so can claim a wide Border connection! He was a scrum-half in the Melrose Colts side but has since become one of Scotland's most versatile footballers. He has toured with Scotland in the Far East 77, France 80, Australia 82 and Romania 84 and played in 13 of the 20 tour games. His recent superb try against England at Twickenham was his seventh in major internationals, the others being against Ireland and England 79, Australia 82 (in Brisbane, the only try in Scotland's first-ever win down under), France 83, Ireland 84 and England 85. He also has dropped goals against England 83, Romania 84 and Ireland 85. In his 47 games for the South of Scotland he has scored 81 points.

P. W. Dods (Gala)

Full-back. Born 6.1.58 in Galashiels. 5' 8". 11st 10lbs. 15 caps. Peter William Dods who has been on the bench for Scotland this season played 15 internationals as full-back and is the first player ever to have topped 400 points in district matches. In his second season of international play he had a vital role in Scotland's Grand Slam success of 1984. In that championship he scored 50 points and his 17 points against France also was a Scottish record until surpassed by Gavin Hastings last season. Peter Dods became the sixth Gala player to fill Scotland's full-back position when he was first capped against Ireland in 1983. The others were Borth Tod, Tom Aitchison, George Burrell, Jock Turner and Arthur Brown. In his 15 major international appearances Peter Dods has scored 150 points. He played in four 'B' internationals and has made six tours with the Scottish party to France 80, New Zealand 81, Australia 82, Romania 84, North America 85 and Spain/France 86. In North America he scored a record 75 points in four games and a record 43 in the last game against Alberta from four tries, 12 conversions and a penalty goal. In Spain and France he scored 40 points in four games. In North America he played three games as a wing. Including provincial matches he has taken part in 41 games in a Scotland jersey and has scored 444 points.

A. V. Tait (Kelso)

Centre/Wing. Born 2.7.64 in Kelso. 5' 11". 12st 11lbs. Uncapped. Alan Victor Tait would become the thirteenth Kelso player to be capped by Scotland. He has played six times for the Scotland 'B' sides against France in 1985, 1986 and 1987, Italy 1985 and 1986 and Ireland in 1984. In those games he played three times as centre and three as wing. He was educated at Kelso High School and at Moor Close, Workington, when his father was playing Rugby League. He played for the South of Scotland and Scotland Under-21 teams and he played for the South Under-21 team. That senior debut was against North and Midlands at his home ground of Poynder Park in December 1983 and he has now scored six tries in his eight games. This season he has played five times for the South senior team, four as wing and one as centre. The day before Scotland's championship match against France in Paris in 1985 he was sent over to join the Scottish party as an emergency replacement. He has toured with Scotland in North America in 1985 and Spain and France in 1986 and this season has proved to be one of the most improved young players in the Scottish game. He was on the Scottish bench at Twickenham on April 4th.

G. R. T. Baird (Kelso)

Wing. Born 12.6.60 in Kelso. 5' 9". 12st. 26 caps. Gavin Roger Todd Baird has played for Kelso and the South as an inside centre but all of his 26 international appearances were as a wing until he played centre against England on April 4th. Since his first cap against Australia in 1981, he has missed only five games mainly because of injury. He was a scrum-half at St Mary's School, Melrose, and at Merchiston Castle School and played in that position for Scottish Schools against England and Ireland in 1978. Kelso converted him into a wing in which position he played for Scotland "B" against Ireland "B" in 1979 and France "B" in 1980 and 1981. He has scored a record 25 tries in his 49 games for the South and was in the South side who gave the 1984 Wallabies their only Saturday defeat. Roger has toured with Scotland in New Zealand in 1981 and Australia in 1982 and as one of the successes on the British Lions tour of New Zealand in 1983 he played in all of four Tests and scored a dramatic "water splash" try in the third.

G. J. Callander (Kelso)

Hooker. Born 5.7.59 in Kelso. 6'. 14st 10lbs. 1 cap. Gary James Callander was captain of the Scottish party who toured in Spain and France in May 1986 and also has captained official trial sides, as well as his club, Kelso, in 1982-3. He has understudied Colin Deans for both the South and Scotland for several seasons, having first been an international reserve in 1981-82. He had keen rivalry with Rob Cunningham until returning to the Scottish bench for the Grand Slam decider against France in 1984. He gained his one cap against Romania in Bucharest in 1984 and has been reserve Scottish hooker virtually ever since. Throughout his career he has been a hooker from his earliest days at primary school and through Kelso High School and the semi-junior Kelso Harlequins before he first played for Kelso 1st XV as a 17-year-old in 1976. He played for Scotland Under-21 in 1979 and 1980 and has had eight games for the South of Scotland since 1981.
