## **North London XV**

This is the first fixture for the reformed North London XV selected from Finchley, Hampstead, Hendon and Mill Hill Rugby Clubs. Pat Connelly of Finchley conceived the idea of a North London side in the early 60's and it is therefore a fitting memorial to Pat that in their first game for many years North London welcome the Spanish National side to the Hendon RFC ground at Copthall. The committee formed by senior members of the four clubs trust this match will be the first of many representative fixtures played in North London under the affiliation of the Middlesex County RFC.

David Gershlick – President Hendon RFC

Michael Flynn – President Hampstead RFC

Tim Hurst – Chairman Mill Hill RFC

Stephen Beard – Deputy President Finchley RFC

## **SPAIN**

Spain are currently one of the emerging Nations on the European Rugby Circuit. Last year in the FIRA Championships, Spain won the B1 group of Nations ahead of Portugal, Belgium, Holland and Denmark. This year they join France, Romania, Italy and the Soviet Union in the Top division of the FIRA Championships. At the end of the 84/85 season Spain will again be visiting the UK with a tour of Wales when they will play Wales B. In this short tour to London, Spain will also play a 'City of London XV' Captained by Andy Ripley at the HAC ground in the City on Tuesday 30th Oct. (Kick off 1.30 pm), followed by a morning match against Harlequins at Stoop on Saturday 3rd November prior to the England v Australia International at Twickenham in the afternoon.

Spain's next home fixture after their London tour is against Romania on 16th December 1984.
